

# SNOW REMOVAL

The owner of lands (vacant property included) abutting any street or public place shall remove all snow and ice from sidewalks within 12 hours.

Please try to remove snow and ice from all walkways, front steps, side steps, or rear steps for any emergency personnel who *might* need access to your property (police-fire-ambulance).

Do not shovel, snow blow, or plow snow into any town street. Please try to find a location on your property so we can keep streets clean.

Please try to remove vehicles from streets during snow storms. We understand how difficult parking is but if we can clear streets, we can make more parking after the storm ends. Ask a friend or neighbor if they have extra driveway space for duration of the storm.

Please feel free to call the Palisades Park Department of Public Works with any questions, suggestions, or concerns regarding our DPW services. We will work hard to handle any problems you may have. Help us keep Palisades Park clean and safe.

ATTN: ALL COMMERCIAL & PRIVATE CONTRACTORS  
HIRED TO PLOW & REMOVE SNOW

YOU MUST FOLLOW ALL OF PALISADES PARK'S  
RULES, REGULATIONS, AND ORDINANCES

SNOW IS NOT TO BE PUT INTO ROADWAY FROM ANY  
PROPERTY, PARKING LOT, DRIVEWAY, OR SIDEWALK
